

# MOBILEDETECT

## Trace Drug Detection

MobileDetect combines certified colorimetric detection technology with automated analysis and reporting on the FREE MobileDetect App for the best, easiest and safest field drug testing available.

With test kits available for every drug, MobileDetect is capable of both trace and bulk sample detection.

The MobileDetect App makes analysis and report generation easy, with features for logging data, photos, GPS mapping and more!

### Just a few of the test kits we offer.

# MOBILEDETECT

## Why MobileDetect?

### 1. Automated Detection

With automated detection through the MobileDetect App, the user does not have to reference color charts and detection is not reliant on individual perception or at risk of human error.

### 2. Logging and Reporting

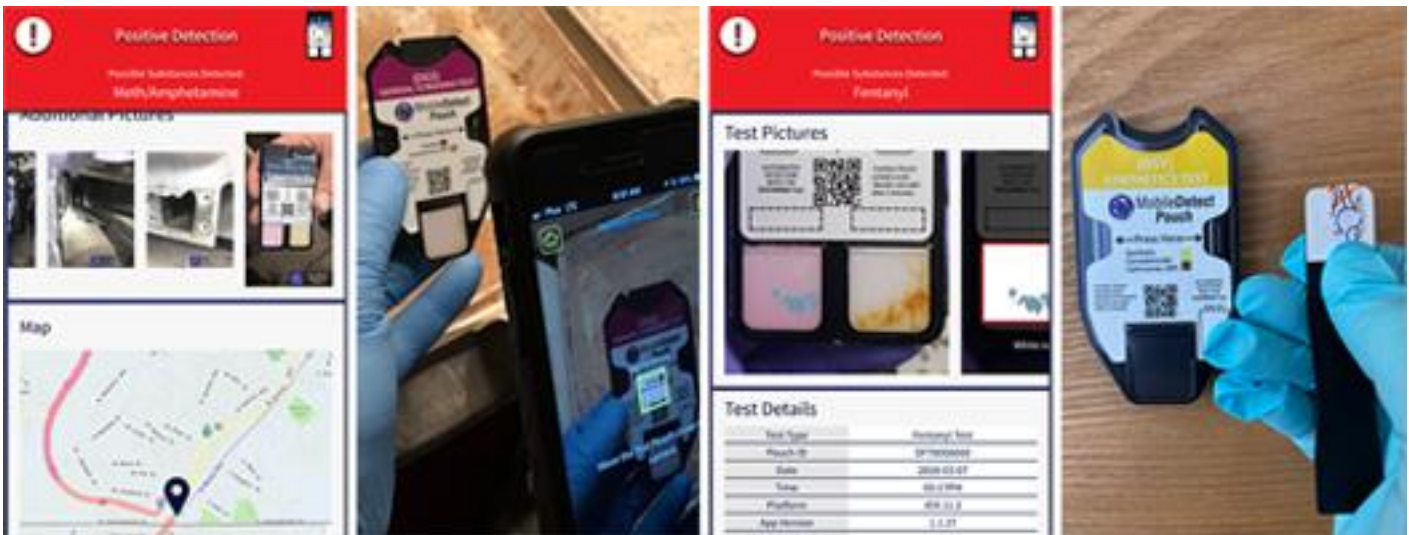

The optional MobileDetect App allows for instant PDF reporting with pictures, GPS mapping, time/date stamps and more. Reports can be sent directly from your smart device.

### 3. Trace and Bulk Sampling

Our technology allows for both trace residue and bulk sampling, requiring significantly less samples than older test kits.

### 4. Our Users

Law enforcement, correctional facilities, the military, hazmat, private security, personal testing and more use MobileDetect for drug detection.

## SPECIFICATIONS

<b>Technology</b>	Automated colorimetric
<b>Sampling</b>	Removable swab for acquiring sample or particulate
<b>Sample type</b>	Non-visible (trace) and bulk
<b>Recommended devices</b>	Latest Samsung or Apple device with a 12 MP camera or better
<b>App requirements</b>	Most IOS/Android devices are supported (IOS 13.0 and Android 7.0 or later)
<b>Reporting/logging</b>	Test info saved on app (notes, pictures, test details, time stamps, GPS location and more). PDF report generation, sharing via email, text Dropbox, print, drive, etc.
<b>Substances detected</b>	Fentanyl analogues, heroin, opiates, methamphetamine, cocaine, synthetic cannabinoids, THC, ketamine, GHB, LSD, PCP, mushrooms, ephedrine and more.
<b>Updates</b>	All library and interface updates at no cost.
