Car Seat Tech Network

Lead Organization: Safe Kids San Antonio, led by University Health System

Meeting Frequency: 4th Wednesday at 11:30a, monthly

Contact: Fara Smith, University Hospital fara.smith@uhs-sa.com 210-358-4282

Child passenger safety is an ever-changing field, so it is important to stay up-to-date on new products, vehicle technology, local events and current issues. Safe Kids San Antonio's Buckle UP program aims to bring together local certified child passenger safety technicians to create a regional support system to engage local technicians, increase individual knowledge and skills, reduce certification turn-over and coordinate child passenger safety programs and resources within the community. Our primary goal is to support local certified technicians in their efforts to increase the number of car seat checks available in the community and improve the quality of the interaction between the technician and parent/caregiver.

Circles of San Antonio Community Coalition

Lead Organization: San Antonio Council on Alcohol and Drug Awareness (SACADA)

Meeting Frequency: 2nd Wednesday at 3p, monthly

Contact: Boyd Baxter, SACADA coalition@sacada.org 210-225-4741

The Circles of San Antonio is a collaborative community coalition of individuals, local, county, and state agencies that serves the community by promoting public awareness about health and social consequences of underage drinking and driving, and other drug use and/or misuse. The Circles of San Antonio Community Coalition was instrumental in working to pass the Social Host Ordinance in San Antonio. This ordinance allows police to write a \$300 ticket to a homeowner, or a person responsible for a property, where alcohol is being served to minors. Fines could increase for repeat offenders. The campaign uses the hashtag #NoPartyParents. The city stated, children who begin drinking alcohol before the age of 15 are 4 ½ times more likely to suffer from substance misuse. Meeting Frequency: 3rd Wednesday at 10a, quarterly

Contact: Jillian Harris, City of San Antonio

jillian.harris@sanantonio.gov

210-207-7228

Vision Zero is focused on eliminating motor vehicle, bicycling and pedestrian deaths within San Antonio.

Organizers believe the responsibility for roadway safety is shared between those who design the road and those who use the road. Vision Zero is both an attitude toward life and a strategy for designing a safe transportation system. It maintains that the loss of even one life or serious injury on our roads is unacceptable. Every person in our community matters, and we can achieve Vision Zero together. The City of San Antonio's Transportation & Capital Improvements (TCI) department, along with partner agencies, is focused on five essential elements to create a safe transportation system: Education, Encouragement, Engineering, Enforcement and Evaluation. Get involved and help make Vision Zero, a reality.
