

H80

Pick & Place Option / Extension Kit

Stage with Epoxy Pot & Waffle Pack Holder

The H80 Pick & Place extension kit does not require a bond head change. Fast and easy change of bond tools lets you switch from die bonding to wire bonding and back.

including:

- + H76 - Vacuum Pump
- + H77 - Wafflepack Holder & Epoxy Pot
- + H80-3 - Pick & Place Tool
- + H81-1 - Die-Bonding Stamp

Vacuum Pump
